

Plagued by Plagues

Based on Exodus 7-12 arrange the plagues in the order they were executed.

- Dense swarms of flies poured into Pharaoh's palace and everywhere in Egypt except in Goshen.
- Every firstborn in Egypt including the livestock was struck dead.
- Seven days later the Nile was teeming with frogs and there were frogs everywhere.
- Egypt was covered in total darkness for three days.
- Soot from a furnace was tossed into the air and festering boils broke out on men and animals.
- There was a hail storm everywhere in Egypt except in the land of Goshen.
- All the waters of Egypt were changed into blood which resulted in fish dying.
- All the Egyptians' horses, donkeys, camels, cattle, sheep and goats died.
- The dust turned into gnats and Pharaoh's magicians were not able to do likewise.
- Locusts covered all the ground and devoured whatever was left of the hail storm.
